## \$50,000 FOR TWO FETES GAY EVENTS FOR NEWPORT

## Oriental Costumes and Ham- merstein's Vaudeville Will Be Some of Features.

By International News Service.  
NEWPORT, R. I., Aug. 11.—About  
\$50,000 will be spent by Mrs.  
Stuyvesant Fish and Mrs. Cor-  
nelius Vanderbilt for a ball Au-  
gust 19 and a costume ball with Ham-  
merstein's vaudeville in the Vander-  
bilt theater on the Cliffs, August 23.  
Mechanics, caterers, Newport shop-  
keepers, policemen, firemen, detectives,  
musicians, waiters, expressmen and others  
will derive the financial benefit  
while 500 guests will enjoy the two  
functions.  
The Fish ball will be opened by a  
troupe of Russian dancers presenting  
the march of the Nymphs. The dan-  
cers will next be seen in another figure  
and the dancing of a specially arranged  
quadrille by the guests will follow.  
Supper and dancing until early hours  
by guests from Newport, New York  
and Boston, Philadelphia and Providence  
will be indulged in.  
Mrs. Vanderbilt, in addition to her  
costume ball with a quadrille by her  
guests wearing oriental costumes, is to  
have the biggest acts Hammerstein can  
provide. Some surprise features will  
be added that are being kept a secret.  
FISHED WHEN HUSBAND  
DARED HER TO SHOOT  
By International News Service.  
CINCINNATI, O., Aug. 11.—Frank  
Lieber aged 35 of Aurora Ind. was shot  
six times in the abdomen by his wife  
at the home of Dr. Ralph Tilley of Pe-  
tersburg Ky., today, as the result of  
a dare.  
Lieber and his wife have been sepa-  
rated for some time and according to  
Lieber, he went to the home of Dr. Til-  
ley to beg his wife to return to him.  
She told the physician that the man was  
annoying her and he handed her a re-  
volver.  
"I dare you to shoot me," said her  
husband, and she shot. Lieber was sent  
to a Cincinnati hospital.  
Sugar Plant Burns.  
NEW IBERIA, La., Aug. 11.—Fire to-  
night practically destroyed the plant near  
here of the Segura Sugar company. The  
estimated loss is \$500,000.

## CONGRESS TO QUIT WORK IN WEEK OR TWO

Session Has Run Over 250  
Days Without Being Fruit-  
ful of Much Legislation  
for General Welfare.

POLITICS CAUSE OF  
LAWMAKERS' DELAY  
Many Appropriation Bills Still  
Hang Fire; List of the Im-  
portant Developments of  
the Past Year.

WASHINGTON, Aug. 11.—Con-  
gress is about to terminate a  
session that has now run over  
250 days. The session has not  
been fruitful of much general  
legislation, but from the standpoint  
of great issues fought out and great policies  
outlined it has been of more than usual  
interest.  
Political activities have helped to pro-  
long it and political differences between  
the house and senate, the one Democrat-  
ic and the other controlled by an inde-  
pendent element of the Republican party,  
have served to tie up appropriations and  
impede much general legislation.  
Many annual appropriation bills that  
should have become effective July 1 still  
are at issue between the two houses.  
Minor legislation and important ques-  
tions of general interest are to be laid  
aside in an effort to bring about ad-  
justment by next Saturday or at the  
latest by the end of the following week.

## POWER SITES ALSO FIGURE IN THE PLAN

Secretary Fisher to Extend His  
Municipal Coal Scheme to  
the Public Utilities.  
By International News Service.  
WASHINGTON, Aug. 11.—Tremend-  
ous possibilities for the Pacific coast  
and the entire west are involved in  
the proposal made by Secretary of the  
Interior Fisher that coal lands be given  
to the adjoining cities in the west  
for the purpose of their development  
and use.  
The immediate corollary of the pro-  
posal is its extension to similar grants  
of the petroleum lands and power sites  
on the government coal lands. This  
would affect cities and communities on  
both sides of the Sierras and Rockies  
and have an important bearing on the  
oil fields which are thought to exist  
in California and New Mexico.  
In California the government is seek-  
ing to restore to the public domain oil  
land valued at upward of \$500,000,000.  
The geological survey is making a sur-  
vey of all the water and power sites  
in the Sierras and it is not beyond the  
bounds of possibilities that, under the  
Fisher idea, all western cities will soon  
be running their own power, lighting  
and plants.  
While Secretary Fisher could not be  
seen on the subject today, it is under-  
stood on good authority that he con-  
templated the extension of the coal idea  
with other public utilities. It is cer-  
tain that he favors the municipal use  
rather than private absorption of the  
remaining great water and electric  
power sites in the west.  
Killed on Crossing.  
By International News Service.  
LIMA, O., Aug. 11.—At a grade cross-  
ing near Spencerville late this afternoon  
a touring car containing three persons  
was struck by an Erie railroad flyer.  
Two of the occupants were killed and the  
third is dying. The dead:  
ENOC DRAKE, wealthy business man  
and oil operator of Mendon, O.  
MRS. MARY COLEMAN of Mendon,  
O., sister of Drake.  
The injured:  
Mrs. Enoch Drake, terribly crushed.

## MORMON COLONISTS SAFE ACROSS LINE

Refugees Reach Hachita, N.  
M., After Weary March Over  
Mountain and Plain.

FEW REMAIN IN MEXICO  
Stolen Horses Returned to  
Sierra Blanca Ranch and  
Excitement Subsides.  
EL PASO, Tex., Aug. 11.—Word was  
received in El Paso today that the 300  
American men who have been traveling  
overland for the last week from the  
Mormon colonies in the Casas Grandes  
district arrived safely today at Hachita,  
N. M. The arrival at the border of this  
group brings out practically all the Amer-  
ican settlers in the Casas Grandes dis-  
trict. Men of Volonia Morales, south  
of Douglas, Ariz., however, have decided  
to remain and if necessary fight for their  
homes.  
The party arriving early today at  
Hachita compose residents of the Juarez,  
Dublan, Garcia and Pacheco colonies,  
from which settlements all women and  
children were sent here a fortnight ago.  
Grazing again on their native Amer-  
ican pasture are two horses, the innocent  
cause of almost an international diffi-  
culty, the movement of United States  
troops, the calling out of a sheriff's  
posse and a rumup which extended along  
the Texas-Mexico boundary for ninety  
miles. It resulted in the Texas gov-  
ernor sending a strong complaint to the  
secretary of state and a threat that the  
state militia would be called out if more  
troops were not moved.  
During last night whoever stole the  
horses from the Otto Smith ranch of  
Sierra Blanca, Tex., returned the ani-  
mals to their pasture. Colonel E. Z.  
Steever, in command at Fort Bliss, be-  
lieves the two horses were all that were  
stolen during the recent visit to the border  
of a band of 200 rebels moving toward  
Juarez.

## LITTLE PROSPECT OF SECURING PEACE

MEXICO CITY, Aug. 11.—Official  
Mexicans appeared today to regard with  
much pessimism the outlook for peace.  
Attempts probably will be made to re-  
open negotiations with General Orozco,  
but it is generally believed the rebel  
leader in the north will resist overtures  
by the government. He was reported in  
a special telegram as having refused to  
meet General Huerta at a point south  
of Juarez and there surrender, adding  
that he would lead his forces into the  
capital itself within a month.  
An echo to the charge by the Mexican  
government that Senator Fall was re-  
sponsible for the failure of Minister Her-  
nandez to bring about an agreement be-  
tween the government and Orozco was  
contained in a special dispatch from El  
Paso today. In that it was charged that  
Senator Fall, in El Paso, has negotiated  
with the rebels, not for the purpose of  
preventing Orozco from entering the  
United States territory, but to keep the  
war going. It was charged that he re-  
presented a group of American bankers  
whose interests, it was alleged, would be  
favored by the continuation of hostilities.  
In this paper it was asserted that the  
American government had served notice  
on Mexico that peace must be restored at  
an early date. No confirmation of this  
assertion could be secured.

## DENIES MEETING GENERAL OROZCO

WASHINGTON, April 11.—Both Sen-  
ator Fall of New Mexico and Senator Did-  
dapp, Washington representatives of the  
Mexican revolutionary party, countered  
today on President Madero's declaration  
attributing to the senator the Mexican  
government's failure to come to peace  
terms with General Orozco, the rebel  
leader.  
"I thought some time ago that I might  
want to see Orozco to ascertain his au-  
thority for certain statements," said  
Senator Fall, "but I have had absolutely  
no communication with him. Orozco de-  
clared that certain Americans had been  
putting up money for Madero and gave  
names and other details. I wanted to  
find out what information he might have  
as authority for these statements, and  
so telegraphed to the mayor of El Paso.  
But nothing came of it. I have had ab-  
solutely nothing whatever to do with  
Orozco."  
Senator Diddapp said he had been in-  
structed to state that the Madero gov-  
ernment made the first demand for peace  
to General Zaita August 3 and sent  
a cabinet minister to propose peace to  
the chiefs operating in the north. Did-  
dapp contended that the failure was due  
not to Senator Fall, but, so far as Za-  
pata is concerned, to lack of official in-  
structions of the Madero official commis-  
sioners and their insistence upon ignor-  
ing the civilians composing the revolution-  
ary committee.  
Surprise at Juarez.  
JUAREZ, Mexico, Aug. 11.—Reports  
from Washington that a Mexican rebel  
agent there had opened negotiations with  
Senator Culler, the Mexican ambassador,  
caused great surprise here today.  
Juan Pedro Diddapp, whom Washington  
advises say opened the negotiations, is  
known here as a Vasquez, but it is  
stated at rebel headquarters he never  
has been connected in any way with the  
present revolutionary party. It was offi-

## BLIND SENATOR IS VISITOR AT SEAGIRT

Oklahoma Statesman Ex-  
presses Satisfaction After  
Interview With Wilson.

CANDIDATE IS RESTING  
Governor Johnson in San  
Francisco Preparing to Cam-  
paign in the East.  
By International News Service.  
SEAGIRT, N. J., Aug. 11.—Senator  
Thomas H. Gore of Oklahoma, chair-  
man of the committee on organization  
of the Wilson campaign committee, called  
on Governor Wilson this afternoon and  
told the candidate that his speech of  
acceptance had been well received  
throughout the country; that there had  
apparently been no defections to the  
Bull Moose party, but that Governor Wil-  
son should emphasize to his managers  
the danger of overconfidence and of  
underestimating the strength of the op-  
position.  
Senator Gore was with the governor  
for about two hours and when he came  
out he expressed his entire satisfaction  
with the situation.  
"I might say that it is not only satis-  
factory, but gratifying," was the way  
he put it.  
Senator Gore was asked if he had heard  
the note of warning sounded by Fred-  
erick W. Hinrichs in his address made in  
the course of the Brooklyn Democratic  
club's visit to the governor on Satur-  
day.  
"Yes," he replied, "but I do not think  
we have much to fear from the Roose-  
velt third party, at least not in the  
west, and certainly not in Oklahoma.  
There is some question about the rights  
of the third party movement in my state  
and I don't know what the final battle  
array will be."  
Senator Gore was asked if it was true  
that William J. Bryan had been asked  
to abandon his plan of following Roose-  
velt on his stump tour.  
"I imagine that was a humorous sug-  
gestion," he said, "but really I know  
nothing about it."  
Governor Wilson rested for the better  
part of the day and retired at 9 o'clock  
to store up energy for a week of hard  
campaign work.

## SPLIT IN OHIO WAS WHAT T. R. WANTED

By International News Service.  
OYSTER BAY, N. Y., Aug. 11.—"It's going  
to be a big fight in Ohio," exclaimed Col-  
onel Roosevelt today, alluding to the final  
break between the Taft and Roosevelt  
forces in the presidential state. The ex-  
president was pleased over the news that  
Walter R. Brown and seven other Roose-  
velt men on the Ohio state Republican  
committee had determined to leave the  
committee after the selection yesterday  
of Judge Brown, a Taft man, as the  
candidate for governor.  
Roosevelt has been concerned over the  
situation, wanting for his own part a  
straight third ticket, while Brown, who  
was his leader throughout the spring  
primary fight, favored a coalition with  
the Taft men.  
"Now we're to have a straight third  
ticket there, just as in New York, Penn-  
sylvania, Michigan, Indiana and Illinois,"  
said the colonel, "we'll give them all the  
war they want."  
Asked what he thought of the decision  
of his Cincinnati managers to put up a  
candidate—Dr. Zwicker—against the col-  
onel's son-in-law, Nicholas Longworth, for  
congress, the ex-president smilingly re-  
plied:  
"Nothing to say."  
A few minutes before this the colonel's  
daughter, Mrs. Alice Longworth, drove  
up to Sagamore Hill with Miss Ethel  
Roosevelt in an automobile. Mrs. Long-  
worth is to spend a few days with her  
father.  
Mrs. Longworth is a fervid supporter  
of her father in the national fight, but  
hopes Congressman "Nick" will beat out  
Zwicker in Cincinnati.  
In the meantime the entente cordiale  
in the two families remains undisturbed.  
The congressman is expected at Sag-  
amore Hill during the week. The colonel  
spent a quiet day with his family.

## GOVERNOR WILSON FOR LOCAL OPTION

SEAGIRT, N. J., Aug. 11.—Governor  
Wilson indirectly took a hand today in  
the political situation in Maine, where  
the gubernatorial elections in September  
are expected to reveal the trend of  
strength of the three presidential nomi-  
nees.  
In response to numerous letters from  
Democratic leaders in Maine asking Gov-  
ernor Wilson for his attitude on the  
liquor question, which is a prominent  
issue in the gubernatorial campaign, Gov-  
ernor Wilson has declared in favor of  
local option and against having the ques-  
tion made an issue between political par-  
ties. The governor's views originally  
were communicated to the Rev. Thomas  
B. Shannon of Newark, N. J., as bearing  
on the issue in New Jersey, but Governor  
Wilson now is sending throughout Maine  
a copy of the same letter, which says:  
I am in favor of local option. I am  
a thorough believer in local self-gov-  
ernment, and believe that every self-  
governing community which consti-  
tutes a social unit should have the  
right to control the matter of the

## UTAH BOYS IN THICK OF THE SHAM BATTLE

Attached to the "Red" Army  
of Invasion, the Soldiers  
From Salt Lake Region  
Expect to Do or Die.

WEDGWOOD PRESENT  
TO CHEER THEM ON  
On the Atlantic Coast the  
Regulars and State Troops  
Are Also Engaged in Des-  
perate Struggle.  
COTOTE, Cal., Aug. 11.—(Headquar-  
ters General Walter S. Schuy-  
ler, supervising general.)—The  
"Red" army of invasion, supple-  
mented by the arrival of the Utah  
troops centered itself on three objects  
today and did very well with all of  
them.  
The first was to worry two battalions  
of the Twelfth United States Infantry,  
which, under Colonel W. H. C. Bowen,  
abandoned Monterey yesterday and are  
doing their best to join the "Blue" army  
of defense coming down from San Fran-  
cisco. Cavalry of the "Reds" chased  
these men out of Fox gulch, some twenty  
miles from Monterey, at daylight today  
and kept them on the run all day long.  
"The main army" was busy establish-  
ing a base at El Toro ranch, near Mon-  
terey. This is deemed necessary before  
the real northward march can be under-  
taken and all day today cavalry rode up  
and down the Salinas valley theoreti-  
cally heading off ranch wagons whose own-  
ers were trying to escape the country.  
The third object—to cut communica-  
tion—was accomplished by the cavalry  
and engineers, who rode up the railway  
lines "blowing up" bridges and cutting  
telegraph wires. Tonight no communica-  
tion exists, theoretically, between the  
Salinas valley and the outside world, ex-  
cept the military telegraph. This section  
works both ways, for the "Reds" be-  
lieve that the "Blue" defenders already  
are half way to meet them, while in  
reality they are just getting into the  
field in San Francisco.

## "BLUE" ARMY READY FOR THE ONSLAUGHT

SAN FRANCISCO, Aug. 11.—The  
"Blue" army that is to defend this city  
against the invasion of the hostile  
"Red" forces was mobilized today at the  
Presidio, where headquarters were es-  
tablished by Colonel Cornelius Gardiner  
of the Sixteenth Infantry, who is in com-  
mand. Wednesday morning, at reveille,  
the bugles will sound the advance and  
the "Blues" will move on the invading  
army.  
The troops assembled were: Sixteenth  
United States Infantry, commanded by  
Colonel Charles G. Morton; Sixth In-  
fantry, just from the Philippines, under the  
command of Colonel Lea Febiger; com-  
pany E, signal corps, U. S. A., Lieuten-  
ant S. C. Megill in command; company  
B, signal corps, California national guard;  
two troops of cavalry of the California  
national guard; field hospital and ambu-  
lance corps No. 2, U. S. A., commanded  
by Major E. E. Persons.  
As fast as the troops arrived they  
pitched their tents at the places assigned  
to them and were in quarters before  
nightfall. At 9 o'clock tomorrow morn-  
ing the commanders of the troops will  
report to Colonel Gardiner at headquar-  
ters, where the dark blue triangle with  
the figure "11" floats beside the national  
colors.

## "WAR" IN THE EAST WILL BEGIN TODAY

By International News Service.  
FIELD HEADQUARTERS, Stratford,  
Conn., Aug. 11.—Twenty thousand sol-  
diers, divided evenly between the mer-  
cenary "Reds" of the foreign foe that is  
ambitious to wipe New York off the map,  
and the heroic "Blues," across whose  
bodies the passage down will have to be  
made, grazed aloft this evening as the  
sun went down at three tiny specks in  
the sky, three aeroplanes, whose scout-  
ing in the days to come will have a tre-  
mendous effect upon the war which begins  
tomorrow morning.  
The sky scouts did not see the concealed
